MAA-Wisconsin Student Activities Report
Spring 2011

The Student Activities Co-Coordinators, Ken Price and Steve Szydlik, are pleased to report on opportunities for Wisconsin's undergraduate math students. We especially look forward to this year's section meeting at UW-Stout in Menominee, WI on April 29-30. Faculty, please continue to encourage your students to attend. There will be numerous talks for and by students and we plan to offer a student retreat room again this year. We will try to find low-cost housing options for students who wish to stay for both days. The student cost for the banquet on April 29 will continue to be discounted.

The fast-paced math game show "Face Off!" was once again a part of the spring 2010 MAA Wisconsin section meeting in Oshkosh and at the Fall 2010 Pi Mu Epsilon Regional Undergraduate Math Conference in De Pere. "Face Off!" will return to the MAA section meeting again this year. The new "Slammer" buzzer system allows us to include as many as ten teams. Students who have taken Calc I or above are eligible to compete for their department in teams of 2-4 players. Contact Ken (pricek@uwosh.edu) or Steve (szydlik@uwosh.edu) for details on the event or to register your team. You can also check the web site at http://www.uwosh.edu/faculty_staff/szydlik/faceoff.htm.

The Wisconsin Mathematics Council's Annual Green Lake Conference is scheduled for May 5-6, 2011. Anyone interested in any level of mathematics education in Wisconsin is encouraged to attend.

We look forward to student participation in state events and hope you encourage some of your students to attend conferences and to give presentations. Please let us know if you have ideas of ways to make the section more student-friendly. We're always looking for suggestions!

Respectfully submitted by Ken Price and Steve Szydlik
