Fall 2022 MTH 4350 Data Science Portfolio II
Syllabus and Expectations

Dr. Mark Snavely – DSC 292, Ph: X5714
msnavely@carthage.edu   https://www.marksnavely.us

In this course, you will assemble your Data Science Portfolio and present your work in a professional website.   You are among the first students to complete this major requirement, so we will learn together how to make this the best and most useful experience.

EVALUATION

Portfolio Completion and Evaluation	60%
Participation and Effort	40%
TOTAL	100%

TEXT: This class requires no text.

NOTES: I am looking forward to getting to know each one of you this semester. I believe we will have an interesting and dynamic learning experience. By the end of this course, I hope you know exactly what is expected of you as you work to complete you Data Science Major, and will have produced a professional website that you could use in your job search and beyond.

Carthage College strives to make all learning experiences as accessible as possible. If you anticipate or experience academic barriers due to your disability (including mental health, learning disorders and chronic medical conditions), please let me know immediately so that we can privately discuss options. To establish reasonable accommodations, you also need to register with Diane Schowalter in Learning Accessibility Services (dschowalter1@carthage.edu).
